Calendar of school deadlines for the IB Diploma Programme

Revised on 14 Sep 2022

This table does not show any class tests or mock exams (except the ones before the May Exam session in DP 2), as they need to be scheduled by each teacher individually. This table only shows the "must-dos" of the IB programme, the internal and external assessments.

There will be no DP 1 in the school year 22/23!

Starting in Year 11 - DP Year 1 (2023/24):

¹ Rough Draft = paperwork that is as good as finished and just needs to be revised afterwards
For longer paper work students have time in their holidays to work thoroughly on one topic.
It is sensible to give students other deadlines, such as "handing in of topic", "handing in of method for Biology lab report", etc.
